

GEN•X•3™

Purify and Clean Nature's Way

- Proven *Technology* at Your Fingertips.
- *Create* own *Chemical-Free Solution* to Sanitize-Disinfect
- Uses Only *Tap Water* & Enclosed *Natural Additive*
- Mother Nature Approved – and *Non-harmful* to People, Animals, Planet
- *Anti-Microbial* – Kills Bacteria & Viruses 99.999%
- Stronger & *Safer than Chlorine* – Safe for Fabrics
- Light Weight-Convenient *Handheld Mobility*
- No Batteries-Just Charge & Spray

**On-site Generator with Automatic Shut-Off
Most Powerful Hand Tool for Home & Business**

GEN-X-3™

Purify and Clean Nature's Way

***Compact Handheld, On-Site Mini-Generator
Creates Own Chemical Free Sanitizing-Disinfecting
Solution From Tap Water + Natural Food-Grade Additive***

The use of sanitizing and disinfecting agents is necessary to expedite hygiene control for the prevention of food poisoning and infectious diseases. Generally, a **sanitizer** reduces the number of micro-organisms that exist on surfaces of inorganic substances to a level at which public health is considered safe. A **disinfectant** is meant to kill infection-causing bacteria, virus, spores, and fungi. The **GEN-X-3™ sanitizer-disinfectant** solution (generated via engineered water technology) inhibits the growth of and/or kills micro-organisms – e.g. can be used to sterilize and disinfect instruments, containers or packaging used in food processing and so much more! The **GEN-X-3™** sterilization process destroys most forms of pathogens including bacteria, virus, fungi, and bacteria spores.

GREAT NEWS!! Using **ONLY tap water and a tiny (0.5g) scoop of pre-mixed food-grade additive**, the solution self-produced by the **GEN-X-3™** handheld generator is a **non-harmful sanitizing-disinfecting** agent that 1) inhibits growth of micro-organisms AND 2) kills 99.999% of pathogens **without the use of chemicals**. This liquid is **chemical free** and 80-200 times more powerful than Chlorine, yet it is benign to people, animals, and planet. No toxic fumes! Safe for fabrics! Soft on hands! Best yet, the solution is generated on-site and on demand.

**GEN-X-3™ is, by far...the
Most Powerful Hand Tool for
Home & Business!!**

Home: Kitchen, Bathroom, Nursery, Home Office, Produce, Kids Car Seats, etc. – and --

Business: Restaurants, Grocers, Nail Salons, Dental/Hospitals, Offices, Vehicles, Gym's, Environmental Managers **and MORE!!**
